

Vembu BDR Suite for SaaS Applications

Microsoft Office 365 and G Suite may offer secure cloud services, but the possibilities of data loss due to human error, malware, etc. always exists. Vembu BDR Suite offers a comprehensive backup solution that helps you backup your Microsoft Office 365 and G Suite data like Emails, Contacts, Calendars, and documents stored in your drive to your local datacenter or to Vembu Cloud.

Customer Quotes

"Vembu is a great product that has never let us down even in the most critical of times. As all IT providers know it is imperative you have a backup solution that you and your customers can rely on safe in the knowledge if the worst happened our data is safe. We look forward to continuing our partnership with Vembu."

-Adam Hicks, Go2 IT Solutions

"We were looking for a product that would centralize multiple products and be a turnkey solution. Vembu allowed us the ability to support multiple customers with different environments using an enterprise grade product at an affordable cost"

- Eyal, CTO, Double Down Tech
